**You're Invited:** Join us for the Logic & Accuracy Test for the 2024 Primary Election

Clay County Supervisor of Elections Chris H. Chambless invites the public to attend the Logic and Accuracy Test (L&A) for the August 20 Primary Election. It's scheduled for this Friday, August 2, at 9 AM at the Supervisor of Elections Office in Green Cove Springs.

The L&A is the required public testing of the election equipment held prior to every election. Test ballots are processed through the tabulation equipment used for all three methods of voting: Voting by Mail, Early Voting, and Election Day, to certify it's accurately counting and recording votes. Upon completion, the equipment is sealed and kept under strict surveillance until it's deployed for voting.

The L&A, along with all other Canvassing Board activities, is open to the public. Voters are encouraged to attend to view an important part of the Florida elections process. The Supervisor of Elections Office wants Clay County voters to cast their ballots with confidence. We're dedicated to the process of conducting fair, secure, and transparent elections.

If you have questions, or need more information, call our office at (904) 269-6350 or visit **ClayElections.gov** your source for verified election information.
